ABOUT

Determined, serious and autonomous.

I am a 22 years old student at the end of my studies who is motivated to do a **22-week software development internship**.

SOFT SKILL

- Teamwork/Team management
- Curious & motivated
- Indepent work
- Code design

AREAS OF KNOWLEDGE

- Software/Network Architecture
- Machine Learning
- Sound/Image Processing
- Database
- Mathematics
- Augmented Reality
- Human-machine interface

LANGUES

French - native

English - professional B2

EXTRA

- Good academic performance (2nd in class last year)
- Member of the student game association - vice-president
- Non-school IT events :
 - Nuit de l'info (2023 + 2024)
 - some corporate dev battle

EDUCATION

2022-2025 - Polytech Grenoble - Engineering IT school

IT & enginneer skills, dev project management

2020-2022 - Polytech Clermont - PEIP A (general)

Polytech engineering school preparation (math, physics, IT)

2017-2020 - Lycée Lafayette Brioude

Scientific baccalaureate (Mathematics)

STUDY PROJECTS

09/24

Now

E-commerce website project (Angular)

- Manage a 6 people agile process (SCRUM Master)
- Work with a **real client**.
- Work on the **front-end** part of the website

01/24

04/24

Gantt chart application (TypeScript)

- Reverse-engineering** an project without doc.
- Transform** a monitoring application into an application displaying a gantt chart

05/23

06/23

Game Engine + Game: RPG (Java + Swing)

- Manage 7 people work (Project Manager)
- Using** Automate to manage the game AI
- Organizing** large-scale code (MVC)
